23rd January, 1920.

ANSD *ackd.*

Secretary,  
Lloyds Register of Shipping,  
LONDON. E.C.

Sir,

*33676 33689*

STEAMERS "TREFUSIS", "TREGONELL".

As you know these two vessels, previous to their being  
taken over by us, were classed with the British Corporation, and  
transferred to your register at our request.

Our Superintendents Department write us that they are not  
clear as to whether you will count the time for their next  
classifications from the date on which vessels were classed by you, or  
whether this must count from the time vessels were built. They  
will refer the matter before your representative in Cardiff, but have  
referred to your goodselves for decision.

We shall be glad, therefore, if you will kindly submit  
the matter to your Committee, and let us know their decision in the  
meantime. We hope they will decide that the time will count from the  
date on which vessels were classed by you.

Yours faithfully,  
THE HAIN STEAMSHIP Co., Ltd.,  
FOSTER, HAIN & READ, LTD., LONDON MANAGERS.
