Dear Sir,

Lyke A

s.s. "WAR ACONITE". We beg to advise you that we are taking over this steamer from the Ministry of Shipping in London. She is presently discharging here, after which, she will drydock for inspection. She is classified with the British Corporation, but it is our wish to classify her in your Society in common with the rest of our Fleet, and we shall be glad to know if you are willing to be present when boat is in drydock; also when we have the Machinery opened up, for this purpose. We await your reply as to this, and if you are agreeable, we will advise you immediately we know the date and place of the examination. For your guidance, we intend re-naming vessel "TREFUSIS".

Yours faithfully,
