Dear Sirs,

I duly received your letter of the 9th instant respecting the Steamer "TRENTBANK".

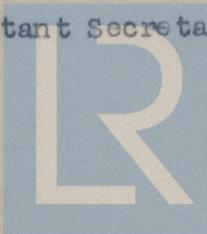

The Committee of this Society learnt with profound regret that she had been sunk by enemy action, and they desire me to convey their deep sympathy with you in this further loss you have sustained.

The Committee were pleased to note, however, that the majority of the crew was saved as, apart from personal considerations, the question of supplying crews for vessels in these days must constitute a major problem.

I am, Dear Sirs,
Yours faithfully,

Messrs. Andrew Weir
& Co.
Birklands,
London Road,
St. Albans,
HERTS.

Assistant Secretary.
