The Surveyor,

Lloyds,

Liverpool.

Dear Sir,

The s.s. "Falernian", our new ship, was duly passed by your people with the exception of three water tight doors in the forward stokehold bulkhead, which, when your Inspector arrived at Newcastle, were covered up with Coal. We shall be glad if you will allow this ship to proceed on her next voyage, and ^{have the} ~~these~~ water tight doors ~~to be~~ inspected on her return.

Yours truly,

FOR THE ELLERMAN LINES LTD.

Graham Smith

MANAGER.
