

of Ship Surveyor 25.7.14

Received from Chief Ship Surveyor

NAME Steel & S. Talermin

Rpt. Mat. No. 5560

arks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/6/92.)

vey

First Entry.

It is submitted the Liverpool Surveyors be informed that this vessel has proceeded to their port and to complete the survey on the hull the following remains to be done:— 3 W.F. doors on stokehold bulkhead and trunks to this bulkhead to be examined and tested and the bower anchors to be made to stow properly in the hawse' pipes.

The Liverpool Surveyors should be requested to give the case attention and on completion of the work to forward report on Form 8, with a view to the classification of the vessel.

7.7.14.
