PORT OF LONDON BUILDING,

PEPYS STREET, SEETHING LANE,

LONDON E.C. 3. November 16th. 1922

The Secretary,
Lloyd's Register of Shipping,
71, Fenchurch Street,
E.C. 3.

Dear Sir,

s.s. "MAID OF ATHENS".

We have this day received from your
Bristol office certificate of class for the above
vessel.

We would point out to you that during
the time this vessel was under repair for classification
purposes at Sharpness, all recommendations by your
Surveyor at this port regarding hull, engines and
equipment were carried out entirely to his satisfaction
for the 100 A.I. Class. We note, however, that your
certificate has a character only of 100 A and not 100 A.I.
There is without doubt some error on your side regarding
this certificate, and consequently we return same herewith
and shall be glad if you will please let us have a
certificate for 100 A.I.
