Dear Sir,

In reply to your letter
the 16th inst. respecting the ss. "Maid of Athens"
enclose herewith a sketch showing
the lengths and height of the poop,
raised quarter-deck, bridge and forecastle,
and the lengths of casings and deck houses
the bridge deck.

I am, dear Sir,

Yours faithfully,

S. F. Dorey.

Secretary.

London.

It is submitted the surveyor be
informed that the equipment number
as computed in this office is about 14,320.
In view of their statement that the equipment
letter is "O" they should be requested to state
how this was arrived at & whether they included
the erections in calculating the equipment numeral
78/3.
