NOT TO INDIVIDUALS.

Lloyds Register of Shipping,  
71, Fenchurch Street,  
E.C. 3.

Dear Sirs,

s.s. "MAIDOF ATHENS".

We enclose herewith blue print of tailend shaft for this vessel as fitted at Swansea by Messrs. The Prince of Wales Drydock Co. in April last, sizes of same taken by their leading draughtsman and checked by our Superintendent Engineer. We shall be pleased to hear the dimensions of this shaft are in accordance with the Society's rules, but regret we have no further drawings to hand, of Hull or Machinery, which we could forward to you. Our Superintendent Engineer has, however, supplied your Surveyor at Bristol, (Mr. Gwyn) with the boiler book of this vessel, which gives all the boiler particulars.

yours faithfully,
