Enclosures.  
(Correspondence & 5 plans)

12th June 1925.

Dear Sirs,

I send herewith for your information and guidance a letter dated 10th instant received from Messrs. William Gray & Co. regarding the proposed classification with this Society of the S.S. "NITEDAL", their No. 961, together with a copy of my reply thereto.

The correspondence which has previously taken place regarding this case is also sent herewith, and I shall be glad if you will return these documents as soon as the contents have been noted.

It will be noted that the vessel is proceeding to West Hartlepool, and I shall be glad if you will check the hatch webs at No.4 hatchway and compare their depth and the scantlings of the plates and top and bottom angles with those indicated on the plans (which are also enclosed), with a view to its being seen if they may have been actually made in excess of the scantlings shown on the plans. On receipt of your report on this point, the matter will again be considered with a view to seeing if any additions to the hatch webs are required.

I may add that the case has been discussed in  
this Office with Mr. McGlashan, representing the Builders.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

WEST HARTLEPOOL.
