Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

20th June, 1924.

Dear Sirs,

D.

I am in receipt of your letter of the 18th instant, enclosing one from Messrs. William Gray & Co., Ltd., regarding the case of their s.s. No.961, and in reply I have the pleasure to say that in the circumstances you are authorised to furnish the builders with the test notes of the material supplied for this vessel, as desired.

I may add that for many years past steel-testing has been carried out by the Society's Surveyors in this country and in Germany for the Norske Veritas. ✓

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

WEST HARTLEPOOL.
