

Motor Vessel "JAVA".

50

The Norwegian Consul General rang up asking that he could be furnished with a letter stating that the motor vessel "JAVA" had been built to the Society's Classification, but subsequently he stated that he had been in communication with the London Office of the Furness Shipbuilding Co.Ltd. and that they were furnishing him with the certificates which have been issued by the Middlesbrough Surveyors.

15th April, 1926.
