

Register of British and Foreign  
S.S. "BOLIVIAN".

Messrs. Irvine's Shipbuilding & Dry Dock Co's No. 604.

This vessel is of the "B" Standard Type, and is just commenced under the Survey of the British Corporation. She has been purchased by Messrs. F. Leyland & Co., who desire that she shall be classed with Llōyd's Register.

It is submitted the same action be taken with regard to the Survey as in the cases of the "BARBADIAN" and "BELGIAN" (see accompanying endorsement).

It is considered, however, that as the Ship and Machinery are only commenced, and the whole of the Survey will have to be carried out under the Survey of the Society's Surveyors, the full fee for survey and classification should be charged. This would approximately amount to a total of about £204.
