

STEAMERS "BARBADIAN", "BELGIAN" and "BOLIVIAN".

The first two of these vessels are being built Messrs. Swan, Hunter & Wigham Richardson, Ltd. (Yard Nos. 1 and 1139) under Bureau Veritas supervision, and the third by Messrs. Irvines' Shipbuilding & Dry Dock Co. (Yard No. 604) under British Corporation supervision, all for Messrs. Leyland & Co. Ltd., who desire the steamers to be classed with Lloyd's Register.

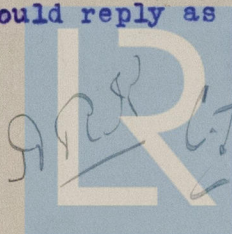

The Engines and Boilers for Messrs. Swan, Hunter & Wigham Richardson's vessels are being built by that firm and the Engines and Boilers for Messrs. Irvines' vessel by Messrs. Richardson Westgarth & Co. (No. 2399)

All the vessels are of the "B" Standard Type.

It is submitted the Surveyors at Newcastle and Middlesbrough be requested to forward a statement giving the progress of Hulls, Engines and Boilers.

The Surveyors should reply as early as possible.
