21st August, 1933.

Dear Sir,

Reverting to my letter of the 4th instant respecting independent fusing of alarm circuits for the exhaust turbo-electrical scheme proposed by Messrs. Metropolitan Vickers Electrical Co. Ltd. for the s.s. "CITY OF VENICE", I have to acquaint you it is now understood that Messrs. Workman Clark (1928) Ltd. are supplying the fuses at Belfast and it will therefore not be possible to carry out the proposed tests at Manchester.

In the circumstances it will not be necessary for Mr. R. C. Clayton to visit Messrs. Metropolitan Vickers' Works in this case.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

LIVERPOOL.
