

Lloyd's Register of Shipping,

Union Bank Chambers,
230, Chapel Street, Salford,

Manchester, 10th July, 1933.

Dear Sir,

With reference to our letter of the 18th May last we now beg to submit for the consideration of the Committee the following plans in duplicate of the arrangement of cables and details for the exhaust turbo-electric installation proposed by Messrs Metropolitan Vickers Electrical Ltd., for the S. S. "CITY OF VENICE".

- 15707/15 - Arrangement of cables.
- 15707/54 - General arrangement of copper strap between generator and cubicle.
- 15707/58 - General arrangement of copper strap connections and steelwork - propulsion motor.
- 15707/17 - Details of connections between generator and cubicle.
- 15707/20 - Details of connections between generator and cubicle.
- 15707/16 - Details of connections for propulsion motor.
- 15707/59 - Arrangement of trough and screen for propulsion motor.
- 15707/19 - Details of trough and screen for propulsion motor.
- 15707/56 - Details of insulation pieces for connections between generator, cubicle and in motor trough.

Messrs Metropolitan Vickers Electrical Co. Ltd. have requested to obtain approval of these drawings at our earliest convenience.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

per:-

A. A. Walker
