

s.s. "SAGAMI" ex "SECUNDUS"

This vessel was built in Germany in 1913 and has ^{now} been under survey at New York with a view to classification with this Society.

A letter has been received from the Owners in which they state that the steamer made a voyage from Germany to the United States in 1914. She then returned to Germany and was laid up until after the war, when some remaining details were completed, and she then proceeded in 1919 to Cherbourg.

It is submitted the Owners be informed that as the vessel was built in 1913, that should be the date recorded in the Register Book, as at present.
