London. 16th March, 1944.

E.C.3.

Clerk to the Classification Committee,
Lloyd's Register of Shipping,
High Close,
Wokingham, Berks.

Sir,

We are in receipt and thank you for your letter of the 11th instant, on the subject of the classification in Lloyd's Register Book of the vessel "Dahomian". There is, however, some misunderstanding in this matter as we are the Managers of this vessel but are only operating her on her present voyage between North America and South and Central Africa, and we are not responsible for her maintenance hereafter.

As already stated above the "Dahomian" is at present on a voyage between North America and South and East Africa and it is anticipated that she will reach a South African port early next month.

Yours faithfully,
THE UNION-CASTLE MAIL STEAMSHIP COMPANY, LIMITED.

St. Milbourne

SECRETARY.
