Dear Sirs

Yrs "Arly"

Referring to the writers conference
with Your Chief Surveyors technical Staff
especially Mr MacLaren, we beg to say that
if you think the new plate strakes along the
ended hatches can be slightly less in thickness
than that indicated on our sketch, we believe
it may assist matters, as such heavy plates
14/20" may be rather difficult to get in time.

Awaiting your information

We remain Yours faithfully

Referred to the Chief Ship Surveyor.
