Dear Mr. Mayne:

With reference to your letter of the 17th ultimo and to Portland report No.561 on the steamer "WEST TOTANT", I enclose herewith a letter dated the 18th instant received from the Surveyors from which it will be seen that there are three lubricating pumps 6" x 7" x 6" each of which is of ample capacity for circulating the lubricating oil. These may be considered as compensating for the spare parts required by the Rules.

Yours faithfully,

*R. P. M. Churchill*
