LLOYD'S REGISTER OF SHIPPING,
OREGON BUILDING,

PORTLAND, OREGON
AUGUST 18, 1919.

The Secretary,
New York.

Dear Sir:-

S. S. "WEST TOTANT"

In reply to your letter of the 12th inst., we beg to state that on board the S. S. "West Totant" there are three lubricating pumps 6" x 7" x 6", each of which is of ample capacity for circulating the lubricating oil. These may be considered as compensating for the spare parts required by the Rules.

All other spare parts required by the Rules were placed on board before the vessel's departure from Portland.

Yours very truly,

J. H. Mates
