Dear Sirs,

E.

I am in receipt of your letter of the 24th instant, respecting the Motor Trawler "FINLANDE" now being built by Messrs. Chantiers de Normandie, Rouen, and I note your remarks concerning the pumping arrangements in the machinery space.

With regard thereto I have to inform you that, since it is proposed to class this vessel as a Trawler, it would not be in order to insist on the fitting of mudboxes and straight tail pipes to the bilge system, as the provision of these is not a requirement of the Rules for Trawlers.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HAVRE
