

Messrs. Chantiers de Normandie.

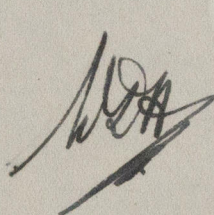

Yd. No. T-8.

IT IS SUBMITTED that the plan of sea inlet chests merits approval, provided the steel castings be made at an approved works and under the usual conditions of survey and testing, the electrodes be of an approved type and the chests be fitted to the satisfaction of the Surveyors.

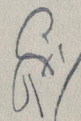

It is concluded that the pressure of supply of the steam or compressed air for clearing purposes will not exceed 8 kgs/cm<sup>2</sup>, but this should be confirmed.

*Re. 12.6.36.  
Ans. 18.6.36  
1 plan, returned.*

Return 1 plan.  
Retain copy.
