71, Fenchurch Street, E.C. 3.

Enclosure.

20th April, 1936.

Dear Sirs,

E.

I duly received your letter of the 14th instant, forwarding a diagrammatic plan, in duplicate, of pumping arrangement in the machinery space, preposed for Mr. Huret's 68 Metres Trawler building by the Chantiers et Ateliers de St. Nazaire, Penhoet, and I have to inform you that this plan will be approved, provided the arrangements be as shown and amended thereon and the remaining requirements of the Rules for Steel Trawlers be complied with so far as they are applicable.

I have to point out that power pump suction should be fitted for draining the forward store and the deep cofferdam at frames 44-45, and suitable provision made for the drainage of the fore peak, pipe tunnel and aft cofferdam at frames 13-14.

Further, the discharges from the auxiliary pumps to the hold spaces should be dispensed with in order to comply with the requirements of Section 25, Clause 6, of the Rules.

One copy of the plan in question is returned herewith.

I may add that a plan of the oil fuel piping

arrangement should be submitted in due course.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HAVRE.
