Chas. Connell & Co. Ltd. Hull No. 388- L.R. supervision.
Dunsmuir & Jackson ... Eng. & Br. Nos. 491- B.C. "

The hull of this vessel has been built under the survey of the Society's Surveyors at Glasgow for classification with this Society.

The engines and boilers, made by Messrs. Dunsmuir & Jackson of Glasgow, have been constructed under B.C. supervision and installed on board under the supervision of the British Corporation Surveyors. The certificate issued by that Society is attached herewith.

As it is provided in the Committee's circular letter dated the 16th March 1918 that, in such cases, this Society will issue the Machinery certificate with the notation LMC with date in red, it is submitted that this vessel is now eligible for the record of LMC 10.18.

Fitted for oil fuel 10.18. FP above 150°F.
