Received by Chief Ship Surveyor.....

Received from Chief Ship Surveyor.....

VESSEL'S NAME

"GRIT"

REPORT

Lps.

No. 111409

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

The 1st S.S. No.2 due 9,42.

The IPSWICH Surveyors report the vessel afloat and a  
GENERAL EXAMINATION partly held.

To complete the GENERAL EXAMINATION some started and  
slack rivets in way of frames to floors and brackets to stiffeners  
in fore peak tank require to be renewed.

It is stated that this will be completed at Greenhithe  
before the end of September.

IT IS SUBMITTED the vessel is worthy to remain as  
classed and to have a notation of "Examined 9,43" valid for 12  
months as recommended when the defective rivets in the fore peak  
tank have been dealt with.

As now.
