19th September, 1934.

Dear Sirs,

With reference to your First Entry Report No. 19287 on the new motorship "GRIT", I have to request that you will state whether the scantlings of the stiffeners of the collision and after peak bulkheads are as indicated in your report or as fitted in the sister vessel "ANGULARITY" and indicated on the approved and "as built" plans.

As this case will come before the General Committee for confirmation tomorrow, I shall be glad if you will advise me by telegram first thing in the morning in the matter.

I am, Dear Sirs,
Yours faithfully,

(Copy Gls.)

Clerk to the
Classification Committee.

The Surveyors,

GREENOCK.
