We thank you for your letter of the 28th instant and have state that this Vessel was recently under repair at Hull when your eyor attended regarding certain leaks in the holds.

The Writer personally was not in attendance and cannot say her the bunkers were examined but considers this may have been done.

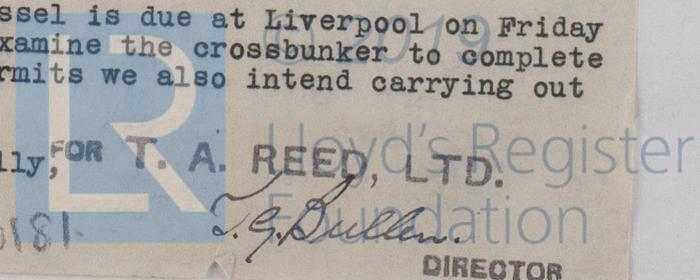

She has now left on Sea Transport business for an indefinite od. Mr. T. H. Bullen was in attendance and will be able to clear matter up on his expected return to Cardiff, shortly.

s.s. "INGER TOFT" This Vessel is due at Liverpool on Friday and it is hoped to be able to examine the crossbunker to complete General Examination. If time permits we also intend carrying out Freeboard Survey.
