71, Fenchurch Street, E.C. 3.

25th November, 1935.

Dear Sir,

I have to acknowledge the receipt of your letter of the 19th instant in further reference to the s.s. "KUMANOVO", and with regard thereto I have to state that the Rules require the boundary angles of oil fuel bunkers to be double riveted (or alternatively double angles single riveted may be fitted) with the rivets in these angles spaced 5 diameters apart. No objection need be taken, however, to spacing these rivets 4 diameters apart, if specially desired.

I am, Dear Sir,

Yours faithfully,

Secretary.

A.J. Brown, Esq.,

SPLIT.
