

Stl. Tw. s.s. "KULIANOV".

-0-0-0-0-0-0-

The Fiume Surveyors recently forwarded a report of an examination held by them with a view to the vessel being classed with this Society (see endorsement dated 20.7.25.).

The requirements of a s.s. No.3 were complied with except that two bower anchors required to be tested, the freeboard verified and one freeing port to be fitted on each side of the vessel.

The case received consideration on the 24th ultimo when no action was taken in the meantime.

The Trieste Surveyors now report the freeboard verified, and freeing ports fitted as required.

It is submitted the vessel appears worthy to be classed 100 A.1 Shade deck with freeboard with record of survey 6-25 Fiu. and notation of s.s. Fiu. No.3-6-25, subject to two bower anchors being tested.

100 A.1 (Steel) "Shade dk. with fbd."

} Subject &c.

1 dk. (stl-ws) and shade dk. 2nd dk in holds.

Cell D.B. u.E. 28', 40t., F.P.T. 16 t., A.P.T. 30t.
