27th September, 1937.

Dear Sirs,

I am in receipt of Mr. Sellex's letter of the 23rd instant respecting the case of the steamer "KINGSWOOD", and with regard thereto I am directed to say that he is authorized to issue a statement to the Local Board of Trade Office in regard to the partial survey held by him on the auxiliary boiler of this vessel at Port Talbot in April, 1936: but it must be clearly understood that he is to confine his statement to matters of fact within his personal knowledge and not to give any expression of opinion.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
NEWCASTLE-ON-TYNE.
