

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. *Burntisland S.E. & Co.* Yard No. *213*.

Engineers: Messrs.

Engine No.

Owners: Messrs.

amended
It is submitted that the ¹plan of *General*
Pumping Arrangement

merits approval, provided the arrangements be as

shown and amended on the plan and the remaining

requirements of Sections ^{20A}20₁ and 34 of the Rules (1936-7)

be complied with so far as they are applicable.

It should be pointed out that air pipes should be fitted at the forward wings of the deep tanks, as shown on the approved plan of deep tank, or alternatively the oil tight ventilator should be provided with openings at a height above the shelter deck not exceeding that suitable for the approved scantlings of the tank.

Further, provision should be made for the escape of air from the tank at the centre line, opening to the combing of the deck.

Return plans

as 3 ref plans.

Retain copy.
