

MA SPARE PARTS MAIN ENGINES

top crankshaft for camshaft drive
 bottom " " " "
 bearing for " " " "
 supercharged valve chest
 spy glasses for bottom cylinder
 telescopic pipes with flanges
 sets of packing rings for telescopic pipes
 packing boxes for telescopic pipes
 main bearing belts
 starting valve houses complete
 relief valves for cylinders
 safety valves for cylinders
 indicatorcocks
 pressure gauges
 valve for automatic inblast valve
 cooling water thermometers
 cylinder cover with studs, without valve houses
 cylinder liner
 extension piece
 brasses for H.P. fuel pump
 bearing for lubricating oil pump shaft
 set of pieces of leader for lubricating oil pump clutch
 cooling water pipe from cylinder to exhaust valve house
 cooling water pipe from exhaust valve house to exhaust pipe
 cooling water pipe from extension piece to cylinder beam
 pipes for cylinder lubricating oil pump
 non return valve chests for lubricating oil
 cylinders for cylinder lubricating oil pump
 spy glasses " " " "
 set of valves and springs for cylinder lubricating oil pump
 scraper rings with springs for cooling water-, bilge- and pistong
 cooling eater pump.
 pr. valve chests for H.P. fuel pump
 plugs for H.P. fuel pump
 test cocks with spindle for H.P. fuel pump
 packing rings
 priming pump plunger with stuffing box
 valve lifters with guides
 pipe connections for H.P. fuel pump
 fuel pr. pipes.

MAIN COMPRESSOR -EXTRA SPARE PARTS

1 H.P. plunger for compressor without rings
 1 L.P. and I.P. pisting without rings
 1 bottom bearing for compressor main bearing
 1 top " " " "
 3 scraper rings for compressor pistong rod
 2 keys for " " " "
 1 drain for I.P. cooler
 1 " " H.P.
 1 cover H.P. cooler
 1 spindle for H.P. reciever
 1 " " I.P.
 2 bushes for L.P. lubricating oil plugs
 1 bush for H.P.
 3 valves for H.P. safety valve
 1 valve for I.P. " "
 1 valve for L.P. " "
 6 safety plates for coolers
 6 sinck " "
 2 drain spindles for coolers.
