12th April, 1946.

Dear Sir,

Steamer "OCEAN VANQUISHER".

I duly received your cablegram of the 4th instant, and am arranging for copies of the midship section and profile plans in this case to be forwarded to you shortly.

In reply to your enquiry, I would remark that the vessel was originally supplied with equipment in accordance with letter *a* in Table 53 of the Rules, but with the war reduction of one bower anchor and 45 fathoms of chain cable which require to be supplied at the end of the present emergency.

As regards the boats originally supplied, I give below particulars extracted from the First Entry report, namely:-

Two at 20 x 6.75 x 2.6 ft.

One at 26 x 8 x 3.25 ft.

One motor boat 27 x 8.25 x 3.4 ft.

Yours faithfully,

A. Todaro, Esq.,
