TELEGRAPHIC ADDRESS: "EAGLE, GREENOCK"

(A.B.C. CODE USED.)

Eagle Foundry.
Greenock 23rd. April, 1937.

ESTIMATES GIVEN FOR
STEAM VESSELS OF ALL KINDS.

The Surveyor,
Lloyds' Register of Shipping,
Commercial Bank Buildings,
GREENOCK.

Dear Sirs,

No. 456.

We beg to advise you that it has now been decided to make the steam space stays of uniform diameter at 2-3/4" instead of having them reduced on the body to 2-1/2" dia. and having enlarged ends at 2-3/4" dia. It has been found impossible to get bars with enlarged ends and the Owners have consequently agreed to this modification.

Yours faithfully,

RANKIN & BLACKMORE, LTD.

per R. F. Hutchison.

Chief Draughtsman.
