# Lloyd's Register of Shipping.

Port

ALEXANDRIA.

22nd. June, 1943.

This is to Certify that I have

Surveyed the <sup>Part</sup>Boiler and <sup>Part</sup>Machinery of the S.S. "ROHNA" 8602 tons

gross of London, afloat, and on the Admiralty Floating Dock

(Propellers and sea connections examined).

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

Recommended that the record of B.S. 3.43 (Forward Starboard

Boiler surveyed in its entirety and the S.Vs. of the Aft,

Centre Boiler adjusted under steam),

be made in the Register Book in the case of this vessel,

and the record of +LMC., (with date) be made when the survey has been completed.

*A.L. Bone*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—  
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under circumstances, whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
