Enclosure.
(Under separate cover).

19th November, 1937.

Dear Sirs,

E. I duly received your letter of the 11th instant, with accompanying plans of the Yarrow Type Water Tube Boilers proposed by The Wallsend Slipway & Engineering Co., Ltd. for their Contract No.932, and have to inform you that these plans will be approved for a working pressure of 450 lb. per sq. inch, provided the boilers be constructed under the usual conditions of survey and testing.

I shall be glad to learn the name of the Shipbuilders and the Yard Number of the vessel for which these boilers are intended.

I am, Dear Sirs,

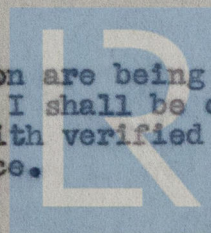

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.

P.S. The plans in question are being returned to you under separate cover, and I shall be obliged if you will kindly furnish me with verified copies for purposes of record in this Office.
