ENCLOSURES.

Dear Sir,

As requested in your letter of the 10th instant, we now enclose for the consideration of the Committee an amended plan, in triplicate, of the turbine and boiler seats for Messrs. J.L. Thompson & Sons' Yard No. 588, on which has been added angle bars under top plates in way of holding down bolts.

With reference to the note on the plan relating to collision chocks, the Builders state that the engine-builders are giving consideration to this matter and their proposals will be submitted when received.

We are, Dear Sir,

Yours faithfully,
THE SURVEYORS,
PER:

W. C. Hullas

The Secretary,

LONDON.
