Enclosures

10th October, 1938.

Dear Sirs,

M.

I return herewith two copies of the plan, forwarded with Mr. Millar's letter of the 30th ultimo, of turbine and boiler seats for Messrs. J.L. Thompson & Sons' No. 588, and with regard thereto I have to state that provided the arrangements be carried out as shewn and amended and to your satisfaction they will be approved.

At the same time I have to point out that the top plates of the turbine seating appear to be insufficiently stiffened, and I shall be glad if you will arrange with the Builders for them to submit a further plan of these parts shewing the stiffening arrangements and the position of the holding down bolts.

The remaining copy of the plan is being retained for reference.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
SUNDERLAND.
