Dear Sirs,

s.s. "SILVERLAUREL"

E.

I beg to acknowledge the receipt of your letter of the 9th instant respecting the Refrigerating Machinery ex M.S. "DEVON CITY" proposed to be fitted in the above vessel, and in reply have to inform you it is considered that the proposal to employ three Diesel Generators of 37 KW each, for the purpose of supplying power to the refrigerating installation described in your letter of the 8th instant, is in order, it being noted that the horse power required during normal working conditions would be about 60 and that only one compressor would be in use at sea.

I am, Dear Sirs,

Yours faithfully,

Secretary.
