Dear Sirs,

S.S. "SILVERLAUREL"

We thank you for your letter of the 9th instant concerning the Refrigerating Machinery ex. M.S. "Devon City" which makes the position quite clear.

In regard to your query concerning the capacity of the Plant we have to confirm that one unit will be capable of maintaining the required temperature in the Cargo Chambers when working twentyfour hours a day in the Tropics.

Your reply is not quite clear concerning our query about the Generating Plant and we should be much obliged if you would kindly confirm that it will be in order for us to supply and fit three 4 Cylinder Diesel Driven Generators of 37 K.W., for the supply of energy to the Refrigerating Plant.

Yours faithfully,

HARTE, LINDLEY & COMPANY.

Frank Lindley
