Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Your Ref: DIR/DC.

25th January, 1939.

Dear Sirs,

Messrs. J.L. Thompson & Sons' Yard No.588.  
M.V. "SILVERLAUREL".

E.

I beg to acknowledge the receipt of your letter of the 20th instant, from which I note that the Owners of the above vessel desire to have fitted as far as possible American type fuses, lampholders, etc., in order to facilitate replacements in American ports.

In reply I have to inform you that no exception will be taken in this instance to the use of American type cartridge fuses on the Main Switchboard, and non-renewable screw type standard American pattern plug fuses on the 110 volt lighting distribution boards, provided the remaining requirements of the Society's Rules for Electrical Equipment be complied with.

I am, Dear Sirs,

Yours faithfully,

*Copy advised Ltd.*
