

Lloyd's Register of Shipping,

55, Fawcett Street,

Sunderland, 23rd April, 1940.

Dear Sir,

Reference
E.

MESSRS. WM. PICKERSGILL & SONS' YARD NO. 243.
MESSRS. G. CLARK'S CONTRACT NO. 1218.

In reply to your letter of the 19th instant regarding capacity of bilge pumps in the above Contract for Messrs. George Clark (1938), Ltd., we have to inform you that they are as follows:-

Main Engine Bilge Pumps.

2 @ 4" dia. x 24" stroke. 63 revs. per min.

Ballast Pump.

280 tons per hour.

General Service Pump.

40 tons per hour.

It is regretted that this information was not forwarded at the time of submitting the bilge and ballast arrangement plan.

We are, Dear Sir,

Yours faithfully,
THE SURVEYORS,
PER:

W. H. Fraser

The Secretary,

LONDON.
