ESSEL'S NAME *See. S.-S. "Björn"*

Report *Gru* No. *1907*

1g. The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

Frit entry

It is submitted that before this case receives the consideration of the Committee the Copenhagen Surveyors should be requested to state whether coal only is to be carried in the deck erections which are not fitted with cargo battens, as in that case the certificate of classification need not be endorsed as suggested by them (see Section 25, paragraph 1 of the Society's Rules).
