

S.S. "USKMOUTH". No.190 in Register Book.

---

This vessel was launched on the 23rd November 1915 and, in accordance with the provisions of par.7 page 10 of the Society's Rules, the date of building in the Register Book will be recorded as May 1916 (i.e. 6 months after date of launch) although she was not completed until July 1916, the last date of survey being 25th ultimo.

The Owners state that, if it is possible, they would desire her date of build to be recorded as July 1916, the actual date of completion, and their special reason in asking for this is that the delay in the construction and completion of the vessel is entirely owing to the war.

In the circumstances the Owners' request is submitted for the favourable consideration of the Committee.
