Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Your Ref: Nbt/Mu.

16th May, 1939.

Dear Sirs,

Yard No.1424 - "TAMESIS".

E.

I beg to acknowledge the receipt of your letter of the 9th instant, forwarding plans, in triplicate of electrical equipment proposed for the above vessel, and in reply have to inform you that these plans will be approved provided the installation be as shown and amended thereon and to the satisfaction of the Society's Surveyors, and the remaining requirements of the Society's Rules for Electrical Equipment be complied with.

It is observed that in several instances two or three outgoing circuits on the main switchboard are connected to a common switch. This is not in accordance with Section 3 of the Society's Rules for Electrical Equipment, but in view of the size and nature of the circuits so connected, no exception to such an arrangement will be taken in this instance.

One set of the plans is being returned to you under separate cover.

I am, Dear Sirs,  
Yours faithfully,
