

Messrs. F. Schichau G.m.b.H. Yard No.1424.

Electrical Installation.

The Firm have submitted for approval plans of the electrical installation proposed for the above vessel. It is noted in several instances that two or three main outgoing circuits are connected to a common switch on the main switchboard. The circumstances have been investigated and as in previous cases in view of the size and nature of the circuits so connected they might be accepted.

IT IS SUBMITTED the Firm be informed that it is noted several instances where two or three outgoing circuits on the main switchboard are connected to a common switch. This is not in accordance with Section 3 of the Rules for Electrical Equipment; but in view of the size and nature of the circuits so connected, no exception to such an arrangement will be taken in this instance.

Provided the installation be as shown and amended on the plans and to the Surveyors' satisfaction and the remaining requirements of the Rules for Electrical Equipment be complied with, the plans merit approval.

Return 2 sets of plans.
Retain 1 set.
Advise Danzig Surveyor.
