24th September, 1938.

Dear Sirs,

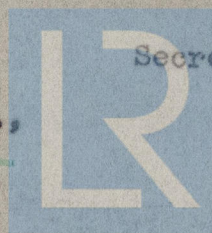

M. I beg to return, under separate cover, two copies of the plan, forwarded with your letter of the 15th instant, of pillars for your Yard No. 1424, and with regard thereto I have pleasure in stating that having in view the thickness of the rider plates forming the bottom of the girders the doubling plates proposed to be fitted on the heads of the tween deck tubular pillars may be omitted. Special care should be taken to ensure that the pillars have a bearing fit on the rider plates. It is considered, however, that the usual doubling plates should be fitted on the heads of the hold pillars.

The remaining copy of the plan is being retained for reference.

I am Dear Sirs,

Yours faithfully,

Messrs. F. Schichau G.m.b.H.,
DANZIG.

Secretary.
