Dear Sirs,

Yd.No.1424 "OSLO IV" -Deck Pillars.

When preparing the drawing for the deck pillars we observed that the round deck pillars are mostly welded with strong girder rider plates.

We assume that special head plates (doubling between pillars and girders) need not be fitted here.

Particulars of the connection of the pillars to the girders may be gathered from plan H.359 - Pillar Plan - enclosed herewith in triplicate.

Yours faithfully,

Signatures.
