ENCLOSURE.

26th March, 1940.

Dear Sirs,

I duly received your letter of the 20th instant, from which I am pleased to learn that Mr. Wilhelmsen is endeavouring to obtain copies of the First Entry Reports on the Motor-ship "TAMESIS" from Mr. Stapelfeld at Danzig.

I shall be glad if you will express the Committee's thanks for his courteous attention.

You should keep the case prominently in mind, and let me know the result of his enquiries, as in the event of his request being unsuccessful, the Committee will, of course, be pleased to arrange for the requisite General Examination at any port and time convenient to him.

I enclose herewith a Statement, setting forth the fees for classification, which, it is presumed, were charged from the Danzig Office in this case.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
OSLO.
