PROPOSED TIMBER CARRIER

Dear Sirs,

We acknowledge receipt of yours of 8th instant, together with structural sections, profile and decks, giving us preliminary scantlings which could be approved for this vessel. We beg to advise you we will prepare proper plans for submission later.

Since we submitted these plans to you, we have had a letter from the Owners, stating they are desirous of loading this vessel to 14'0" instead of 13'0", and we shall be glad to learn if this will make any difference to the scantlings as proposed by you. We would esteem it a favour if you could let us have an early reply to this question.

We would like to take this opportunity of thanking you for your assistance and prompt attention at this time.

Yours faithfully,

HENRY ROBB LIMITED ...
